

Alibi's Well is the training restaurant of the Jambiani Tourism Training Institute which is sponsored by the Hands Across Borders Society, a Canadian NGO and charity registered in Zanzibar. Hands Across Borders Society has been in Zanzibar since 2001 offering free health care and education with a particular focus on the village of Jambiani. The Jambiani Tourism Training institute offers a two-year diploma program in hospitality and tourism, free of charge to the people of Jambiani. The students who are serving you are doing the work experience part of their program.

We have placed a tip box and a donation box at your disposal, should you wish to support the students and the programs that we offer. All tips are shared among the students to help them to support their families while they are attending school.

We hope that you enjoy your visit with us.
